Join us for dinner and auction, consider several levels of sponsorship, or make a financial gift to join us in this important cause.

Visit our website at <https://jpbmef.org> to register for golf, sponsor the tournament or Foundation, purchase additional dinners, submit descriptions of items to be donated as auction items, or to contact us.

All event proceeds support the **Justin Paul Butler Memorial Education Foundation's** research, education, and scholarship efforts in memory of our son Justin.

JPBMEF's mission is to conduct research and partner with educators to raise awareness, prevent injuries, and save lives by educating youth, parents, school administrators, teachers, first responders, emergency room physicians and nurses, and coroners on the dangers, warning signs, and physical indicators of the "Choking Game" and other deadly pass-out activities. Please visit our ["about" page](#) to learn more about our mission, [our published research](#), and additional resources.

We are so grateful for your support and partnership, and have worked hard to be diligent stewards of your contributions. Thank you and God bless,

*Kendall and Eric Butler*
